

NATIONAL CENTER
FOR SAFETY INITIATIVES

THE **CONFIDENT** CHOICE

NCSI: SECURING THE FUTURE WITH YOU.

National Center for Safety Initiatives LLC (NCSI) is the best choice for background screening and risk management. Here's why:

Not all background screens or risk management services are equal; **NCSI is best.** Consistently earning high marks in five critical areas: **Quality, Service, Ease of Use & Customization, Compliance,** and **Value,** NCSI is here to serve you.

NCSI Quality

NCSI qualifies and manages the sources of data from where the national criminal database searches and other screening data is obtained. NCSI's multi-sourced approach uses multiple national criminal databases of varying quality and depth of coverage at the same time to provide the best coverage and quality. By using two different national criminal databases we increase the coverage and depth of State, County, and other data sources to enhance the likelihood of finding important information for our clients.

NCSI Service

NCSI specializes in working with high risk organizations, so you have our full attention. NCSI's client services department is available to answer questions, guide registrants through the process and work alongside your organization as a true partner in the process.

Ease-of-Use and Customization

With NCSI, you have 24/7 registration and account access. NCSI has developed a user-friendly, technology enabled, interface enabling your staff, members, and volunteers to have a paper and administration free process at their fingertips wherever they have Internet access. NCSI uses an encrypted, secure online self-registration process for collection of confidential information and consent directly from applicants which can be integrated with any registration system you utilize.

NCSI's product lineup includes everything you need: criminal history screening; motor vehicle records; employment, education or professional credential verifications; international screening; document management for organizational policies, agreements or other documents; and online training programs. All your programs can be customized for different groups of staff or volunteers based upon their roles and positions. NCSI also provides assistance on policy development and compliance issues.

Regulatory Compliance

NCSI does it all! All FAIR CREDIT REPORTING ACT, FACTA, and applicable state regulations and notices are handled on your behalf by NCSI. This includes resolving on your behalf all consumer disputes of accuracy etc. NCSI can also assist with your internal review processes in situations where you may need to conduct a final adverse action review. NCSI stores and secures the confidential information obtained during the screening process on your behalf as required by regulation or statute.

Value

NCSI offers a comprehensive and turn-key, yet cost-effective, criminal history screening program at discounted prices for NCYS members. This is a fully-managed program that covers 2 years of screening and includes two national criminal data bases, all available state sex offender registries, identity verification, and one county search*. Automatic re-check is included at 12 months, with no additional administrative responsibilities to you. NCSI will provide a quote for any other screenings, such as MVR, Credential Verification Checks and others upon request.

** Additional charges may apply.*
