- Automatic re-check of a National Criminal Database and Sex Offender Registry
- County courthouse search (longest and most recent residency in past five years)

Other program options/configurations are available to meet your specific needs. Call today for a free consultation.

The NCSI Difference

- With NCSI you can set up “share communities” and registrants can authorize the sharing of their screening from organization to organization.
- NCSI handles many of your compliance and Federal FCRA and applicable state administrative responsibilities on your behalf, saving you time and money.
- NCSI can help you meet your Safe Sport or other safety responsibilities, even beyond background screening.
- NCSI makes it extremely simple to set up club-level and affiliate programs, extending national pricing and easy administrative options.
- NCSI offers consultative services as part of every program.
- With NCSI, you have a **PARTNER** in prevention.

Great Features AVAILABLE NOW from NCSI:

NCSI Share

- Sharing screening results from one organization to another is very simple with NCSI. Client organizations can easily set up “share communities” and registrants can authorize the sharing of their screening from organization to organization without additional cost.

Document Management Services

- Effortlessly present documents including Codes of Conduct, Athlete Protection Policies and other important policies during the background screening registration process.
- Administrators easily manage the documents and have access to electronically signed documents at any time.

Integration with Registration Systems/Process

- 100% track record of successfully integrating with clients registration systems

Athlete Age Verification

- Looking to centralize the process of obtaining age verification on your athletes, NCSI has a solution for you. With our “one and done” process, we help to simplify this burdensome task and give you the verification information when and where you need it.
